MEMORANDUM FOR:

25X1

FROM:

25X1

Deputy Chief, Arms Control Intelligence Staff

SUBJECT:

Nuclear Testing Monitoring Issues

25X1

1. This memorandum forwards, for passing to Senate staffers, a bibliography on nuclear testing (Attachment A) and a list of experts who might be called to testify before Congress on nuclear testing issues (Attachment B).

25X1

2. The bibliography provides a categorized list of intelligence and other documents that cover a broad spectrum of views on nuclear test monitoring. If other relevant documents are identified, we will provide an updated version of the bibliography.

25X1

3. In addition, ACIS has taken the following actions as a result of the meeting with Senate staffers on 22 December:

- o On Monday, 29 December, SSCI staffers Mattingly, Newsome, and Tenet will meet with of ACIS to review the contents of ACIS's monitoring library on nuclear testing.
- o We have notified the Strategic Arms Monitoring Working Group (SAMWG) that--
 - o We are organizing a chat with Hill staffers and Intelligence Community experts on testing.
 - o We will produce a nuclear testing monitoring assessment to be coordinated by SAMWG members.
 - o We expect SAMWG members participation in the January 13-14 meeting with the SFRC.
